GAME INFORMATION

Wildhound Derby is a 5x4 Video Slot, with 30 paylines. Wildhound Derby has Wild Dogs that race across the reels to be the first to the finish line – choose the winning Wild Dog and get to the Winner's Wheel!

Wildhound Derby includes Wild Dog symbols, Trophy Wilds, four dog racing symbols and four royal symbols.

Land four Wild Dog symbols on the 5th reel to trigger the Dog Race. Then choose one of the four Wild Dogs as the hopeful winner.

A Wild Dog moves left one reel when there is a Golden Hare on the same row.

The winning Wild Dog will be the first to progress past the 1st reel. Free Spins continue until the winner of the Dog Race is determined.

If the chosen Wild Dog wins the race, then the game transitions to the Winner's Wheel. The Winner's Wheel has the multipliers: x2, x3, x4, x5, x10 and x15. The wheel spins and whichever multiplier it lands on, will multiply the total winnings.

CASINO STANDARD RULES AND SETTINGS

WIN CALCULATION AND BETS:
1) Maximum wins are inclusive of the origin bet and based on the default bets for games
2) Underlined and bold values are default settings
3) Default settings can be changed by the operator
4) If the default settings/bets are altered, the maximum wins will be altered as well

CURRENCY:
1) All currency values relate to a currency multiplier of 1 which is accurate for EUR, USD, and GBP.
2) Other currencies, another multiplier might be used. For example: SEK has currency multiplier 10. All values related to currency should thus be multiplied by 10 for SEK. I.e. 10€ = $10 = £10 = SEK100.
3) All currency is marked with an asterisk (*) next to the caption in all tables
4) Some low-value currencies will incur a multiplier of 1. Therefore, multicurrency jackpots will not be enabled at this time.
